

# CAR ACCOUNTING

AllTranstek is the industry leader for fleet management services and tank car technical expertise. AllTranstek manages over 275,000 railcars of all types for some of North America's largest companies.

AllTranstek technical services group provides technical and operational support to the rail equipment supply chain, including field inspections, engineering, regulatory compliance, NDT Level III, NDT training, and welding support.

AllTranstek strategic services group offers a 360° view of the rail supply chain by providing clients with market research, analytics, forecasting, and strategic consulting services.

## **We audit and take action.**

AllTranstek's Car Accounting team pays great attention to car movement details to assure that records are correct, payments are processed and savings are maximized.

## **INVOICE PROCESSING AND APPROVAL**

## **CLAIMS GENERATION**

## **MILEAGE EXPOSURE REDUCTION**

## **DATA FLOW COORDINATION**

# CAR ACCOUNTING

Analyze car movements. Reduce company exposure to empty miles. Reduce penalties. AllTranstek's Car Accounting team streamlines complicated audit and payment processes—freeing up clients to focus on their core business.

## WHAT WE DO

### Equalization Audit.

Our state of the art car accounting program identifies mileage discrepancies, analyzing empty mileage details compared to loaded miles. When adjustments are required, the Car Accounting team files claims with the railroad to reduce penalties and increase savings.

### Rental Audit.

We process railcar lease invoices from start to finish. From approving an invoice to auditing rental data post-move, AllTranstek's familiarity with the process offers customers peace of mind when it comes to their money.

### Mileage Audit.

By collecting and analyzing mileage credits, our team prevents clients from leaving money on the table. We generate claims for mileage and rate discrepancy or missed payments.

### Back Office Services.

Eliminate the day-to-day stress of tedious office data logging and payment processing by leveraging our back office services.
