Circular Letter

Subject: Spring 2021 AAR Technical Committee Meetings

To: MEMBERS AND PRIVATE CAR OWNERS

File Number:MC ADMIN

Considering our country's ongoing situation with respect to the Covid-19 pandemic, the AAR continues to put safety first for those who participate in and support AAR committees. AAR has determined that for the first half of 2021, it is appropriate to arrange teleconferences or webinars in lieu of holding face-to-face meetings. Below is a list of those committees now planning with this approach in mind.

Though the dates are listed below, teleconferences and webinars are not necessarily open to public participation. Please check with the respective committee manager. AAR will monitor the situation with hope that the latter half of 2021 will be back to normal. Please look for the next meeting announcement circular in July.
