

FLEET MANAGEMENT

AllTranstek is the industry leader for fleet management services and tank car technical expertise. AllTranstek manages over 275,000 railcars of all types for some of North America's largest companies.

AllTranstek technical services group provides technical and operational support to the rail equipment supply chain, including field inspections, engineering, regulatory compliance, NDT Level III, NDT training, and welding support.

AllTranstek strategic services group offers a 360° view of the rail supply chain by providing clients with market research, analytics, forecasting, and strategic consulting services.

Fleet management is the core of our business. We monitor fleet movement, ensure equipment health, manage regulatory requirements, and audit repair and mileage activity – all to inform the decision making process, reduce risk, and maximize our customers' profit margin.

RAILCAR MAINTENANCE MANAGEMENT

FLEET ADMINISTRATION

LEASE ADMINISTRATION

FLEET MANAGEMENT

Leverage AllTranstek's experience and dynamic analytics platform in making critical fleet decisions. We manage the repair process from cradle-to-grave to help you improve your fleet utilization.

WHAT WE DO

Railcar Shopping.

- Expedite entire shop process
- Repair shop/mobile site selection
- Review and approval of repair estimates and invoices
- Verify material and component specs
- Ensure right car, right commodity
- OTMA, AAR and FRA support
- Maintain and review mandatory test documents, due dates and test intervals
- Manage extraneous fleet projects (i.e. re-stencil, group R slack adjustors, valves)

Fleet Administration.

- Manage complete Umler/Railinc administration process
- LOA (letter of authority)
- DDCT
- UMLER
- FindUs.rail
- EHMS
- EW/MA (early warning maintenance advisory)
- Re-stencil registration
- OT-5 support
- Mileage and repair data collection
- Car acquisition and sale assistance

Lease Administration.

- Audit and approve customer leases for payment
- Report invoice discrepancies and track adjustments

Other Management Services.

- FleetWatch Impact™ – EHMS data monitoring and alert closures
- Ad valorem taxes – tax preparation and filing
- Document Hosting System (DHS)
- FleetWatch™ system suite
- Full integration with external systems

AllTranstek's fleet management program is in the business of saving customers money and maximizing railcar revenue service potential. In addition to the review of repair estimates and invoices, our fleet managers compile and process all bills for a given client, including payments to lessors and vendors. Repairs are broken into an assortment of component groups, revealing a client's greatest costs and its greatest savings potential.
