WHAT WE DO

HazMat/Dangerous Goods Training.

Programs are individually designed with attention to site-specific risks to assist all types of hazardous material shippers by providing a deep and comprehensive understanding of shipper responsibilities. AllTranstek provides the best in class compliance education, leading to exceptional compliance performance and outstanding safety records by our customers.

Facility Inspection and Evaluation.

We perform facility inspections and evaluations to recap the year and discover opportunities for improvement. AllTranstek will consult on corrective actions and proactively tackle operational and procedural problems pre-emptively. Our Regulatory and Compliance team thrives at exceeding federal standards. We protect our clients' capital investments with great pride.

WHY WE DO IT

Regulatory Compliance.

Compliance by Person, per 49 CFR, is defined as an individual, corporation, company, association, firm, partnership, society, joint stock company or a government that offers a hazardous material for transportation in commerce, including those who inspect, test, alter, pack, consign, possess, prepare and much more. Compliance by Person in Canada includes consignor and carrier of same consignment, where consignor prepares shipping documents and packages.
