

# Who We Are

## Leading A Better Rail Industry

From fleet management to inspections and everything in between, AllTranstek is the resource the rail industry turns to. AllTranstek manages over 325,000 railcars of all types for some of North America's largest companies, including multiple listed on the Fortune 100. With a company history since 1994 and a combined employee industry experience of over 2000 years, we have the knowledge that moves you ahead.

## Our Services Include:

01. Railcar Fleet Management
02. StencilWatch® Tank Car Qualification Program
03. Engineering Services
04. Regulatory Compliance Support
05. Railcar Inspection Services
06. Nondestructive Testing Support
07. Welding & Special Processes Support
08. HazMat Services
09. Technical Training & Education

AllTranstek, L.L.C  
1101 W. 31st Street, Suite 200  
Downers Grove, IL 60515

## Railcar Fleet Management

### At The Crossroads of Accessibility and Accountability

By leveraging our experience and dynamic analytical platforms, we can assist you in making critical fleet decisions while also managing the repair process from start to finish to help optimize fleet utilization.

#### Railcar Maintenance Management

01. Maintenance Plan Development
02. Repair Shop Selection & Disposition
03. Mini-Shops & Mobile Unit Coordination
04. Repair Estimate & Invoice Approval, Auditing & Payment
05. Test Documentation Review
06. Program & Compliance Monitoring
07. Scrap Resolution

#### AAR Railroad Repair Invoices

01. Invoice Auditing
02. Claims Generation
03. Invoice Payment
04. Unusual Repair Trend Identification

#### Railinc Services

01. Umler® Additions, Deletions, Conflict Resolution, Updates
02. Inspection Reporting
03. Letter of Authority (LOA) Management
04. Loading Authority Support (OT-57 or Current Equivalent)
05. FindUs.Rail
06. Early Warning/Maintenance Advisory Resolution
07. DDCT Administration
08. TCID

## Railcar Fleet Management Con't

### Mileage Services

01. Mileage Equalization Monitoring
02. Mileage Equalization Auditing
03. Mileage Credit Analysis
04. Mileage & Rate Discrepancy Identification
05. Mileage Auditing
06. Excess Mileage Auditing (Hi-U)

### Lease Administration

01. Lease Auditing
02. Lease Termination Monitoring
03. Mileage Credit Collection/Review
04. Out of Service Credits

### Ad Valorem Tax & Audit Services

01. Ad Valorem Tax Filing
02. Ad Valorem Audit Services
03. Ad Valorem Tax Consulting

## StencilWatch® Tank Car Qualification Program

### A Mark Above the Rest

AllTranstek's StencilWatch® program is a one-stop shop for your tank car compliance needs. We help tank car owners meet their constant obligation to ensure that their maintenance and qualification processes are up to date and in compliance with regulations.

01. AllTranstek Qualification & Maintenance Procedures
02. FleetWatch® RCM (Qualification & Maintenance Data Collection)
03. Tank Car Integrated Database (TCID) Compliance
04. Record Keeping/Document Hosting Service (DHS)
05. ShopWatch® Supplier Audit
06. Qualification Interval Analysis

#### DOT 105J300W

	STATION STENCIL	QUALIFIED	DUE
TANK QUALIFICATION		2021	2031
THICKNESS TEST		2021	2031
SERVICE EQUIPMENT		2021	2031
PRD: VALVE	247.5 PSI	2021	2031
LINING: PLASITE 3070L		PP	NONE
88.B.2 INSPECTION		2021	2031
STUB SILL INSPECTION		2021	2031

## Engineering Services

### Driving Your Fleet Towards Greater Success

Integrity isn't just a structural component; it's fundamental to everything we do. We guide tank car owners through the complicated maze of federal, state, and industrial regulations, helping you to identify the root cause of tank car component failure and provide recommendations to help prevent a recurrence.

## Regulatory Compliance Support

### Abiding By Industry Standards, And Then Some

The rail transportation industry is governed by compliance, and those regulations are constantly evolving. AllTranstek's team of regulatory experts stay in lockstep with industry compliance changes, giving our customers the knowledge they need to keep their fleets moving.

#### Application for AAR Tank Car Facility Certifications

01. M-1002 Technical Certification
02. M-1003 Quality Assurance Certification

#### Quality Assurance/QA Manual Development and Support

01. QA Training per Federal Regulations
02. M-1002/M-1003 Internal QA Audit
03. Quality Assurance Training

#### Compliance Audits

01. ShopWatch®
02. Supplier Audit
03. Facility Assessment Audit

#### C6R Demonstration Support/Training

01. Old Components
02. New Components
03. Original Certificate of Construction (4-2)
04. Revised Certificate of Construction
05. Owner's Permission
06. Instructions

## Railcar Inspection Services

### A Commitment to Thoroughness

Our Inspection Services department takes great pride in providing quality and thorough shop and field inspections for all our clients, no matter the event. Whether it's supporting an acquisition or a simple shopping event, our expert field inspection team provides superior service and reports, customizable for each client and their specific requirements.

01. Shop Inspections
  - Wreck Review (JIC)
  - Coatings and Linings
  - In-process and Final Repairs
  - Document Review including Estimates
02. The all-important Pre – Lease Inspection
03. Represent your company in Post Lease Inspection
04. Lease Review
05. New Car Inspections
06. Acquisition Inspections
07. Annual Corrosion Assessments on open top gondolas and hoppers
08. Pressure Differential Hopper Car Inspections. (We have in-house designed camera system that can inspect PD Pipes without disassembly)
09. Derailments

## Nondestructive Testing Support

### No Challenge Too Great...

AllTranstek offers a full range of Level I and II NDT training and refresher courses, including detailed classroom instruction, manuals and equipment to demonstrate the knowledge, skills and abilities to properly perform non-destructive testing. Our accomplished personnel work with your employees until they gain the required experience hours to achieve certification. Our programs comply with the Association of American Railroads (AAR), the Department of Transportation (DOT), and Transport Canada (TC).

With more ASNT NDT Level IIIs on staff than anyone else in the industry, we have the experience to meet any NDT challenge.

01. NDT Level II Technician Training
02. NDT Procedure Development and Level III Approval
03. Development of NDT Written Practice
04. NDT Technician Experience Oversight
05. ASNT NDT Level III Retainer Services
06. NDT Procedures Leasing
07. NDT Technician Technical Performance Evaluations
08. NDT Compliance Audits

## Welding & Special Processes Support

### Where Constant Change Meets Consistency

More than any other aspect of the rail industry, the demands of welding and special processes are growing rapidly. AllTranstek employs a team of experienced welding and mechanical professionals who are ready to keep your facilities and employees aligned with industry demands through training, procedure development, and more.

01. Welder Classroom and Qualification Training
02. Welding Process Development and Optimization
03. Welding Program Auditing
04. Mechanical Test Oversight
05. SCABT (Single-Car Air Brake Test) Training
06. Coatings and Linings Procedures
07. Coatings Application Training

## HazMat Services

### Finding Safety In Knowledge

AllTranstek's safety and DOT regulatory assessments meet or exceed the standards of a federal regulatory audit—with the mission of supporting your DOT program and compliance requirements. We verify compliance with DOT/TC regulations, prepare for FRA/DOT/TC Regulatory Compliance audits, and train staff to safely and properly handle hazmat shipments.

- 01. 49 CFR Training Programs
- 02. 49 CFR Parts 100-180 Assessment
- 03. 49 CFR Manual Training
- 04. QA HazMat Audit for Shipper Facilities
- 05. Non-Accidental Release (NAR) Reduction Support

## Technical Training & Education

### Sharing Our Knowledge To Drive The Industry Forward

Our experience is not exclusive; our staff is proud to prepare your employees and facilities for compliance and industry regulations. Our technical training courses provide our clients with an education that expounds upon procedural training, resulting in an unparalleled depth of understanding for your staff.

#### 01. NDT Technician Training

- Leak Testing (LT)
- Weld Inspection (VT)
- Remote Visual Inspection (RVI)
- Magnetic Particle (MT)
- Liquid Penetrant (PT) - Ultrasonic Thickness (UTT)
- Infrared/Thermography (IR)
- Ultrasonic Flaw Detection (UT)
- Radiography (RT)
- Acoustic Emission (AE)

#### 02. Regulatory Compliance Training

- Quality Assurance Training
- DOT 49 CFR Compliance Training
- Hazardous Materials Training
- Hazardous Waste Training
- Safety Data Sheets
- Confined Space Training
- Global Harmonization Systems

#### 03. Welder Classroom & Qualification Training

#### 04. SCABT (Single Car Air Brake Testing) Training

#### 05. Coatings Application Training

#### 06. Inspection Training

#### 07. BRC Training

#### 08. JIC Training
